COMMITMENT TO QUALITY

Montage Plus is produced using up to 96% recycled steel.

Ameristar is American owned and operated. We take great pride in manufacturing "Made in the USA" products.

MONTAGE COMMERCIAL[®]

FEATURES

ALL TERRAIN FENCE

Unlike conventional welded panels that require stair-stepping, the all-terrain fence (ATF) design of Montage allows panels to rack along the grade. The ATF design feature helps maintain security at grade and keep the aesthetics intended with an ornamental fence.

3" AIR SPACE

In many cases related to safety and security, fencing is required to have a narrower picket spacing. Montage Commercial is available in 3" air space for more stringent standards required for public pools, day cares and school projects.

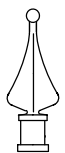

GATES

- TransPort[®] – Cantilever Gates
- PassPort[®] – Roll Gates
- Montage Commercial[®] Single & Double Swing Gates
- Montage Commercial[®] Single & Double Swing Arched Gates
- Estate[®] Gates – Aluminum Arched Entry Gates
