### 1-Button Remote Control

This powerful remote control can operate one garage door opener or gate operator, or MyQ® enabled light accessory. It features Security+2.0™ rolling code technology that significantly reduces radio wave interference and makes it virtually impossible for anyone to steal your remote control signal.

- Can control a **single garage door opener or gate operator, or MyQ® enabled light accessory**
- Equipped with **Security+2.0™ rolling code technology** that virtually eliminates radio wave interference
- 5-year 3V lithium battery included
- Compatible only with Security+2.0™ LiftMaster® garage door openers or gate operators
