

# BARRIER FENCE

DM  
DUL

WB

## BARRIER FENCE

- Provides a barrier around dangerous or restricted areas
- The 'international orange' is highly visible
- Easier to install and more economical than conventional chain-link or wooden fence
- Used at construction, excavation and demolition sites
- Provides course markings and crowd control at sporting events and parades
- Deters unwanted trespassers
- Provides an enclosed play area for children and pets
- Will not rust or corrode
