

SNOW FENCE

SNOW FENCE

- Stronger than competitive non-oriented fences
- Engineered to control drifting snow and sand
- Used extensively for: highways, driveways, ski areas and winter trails
- Provides 50% shade for greenhouse applications

SF 4850 X 4' x 50' (1.2 m x 15.2 m) Orange

SF 48100 X 4' x 100' (1.2 m x 30.4 m) Orange

SF 4850 B 4' x 50' (1.2 m x 15.2 m) Black

WINTER BARRIER

- Controls snow and acts as a safety barrier
- The 'international orange' is highly visible
- Lightweight and durable for easy handling
- Acts as a temporary or permanent barrier for all your backyard needs
- An oriented flat oval grid design

FYT 4100 X 4' x 100' (1.2 m x 30.4 m) Orange
